

AUTOBLAST

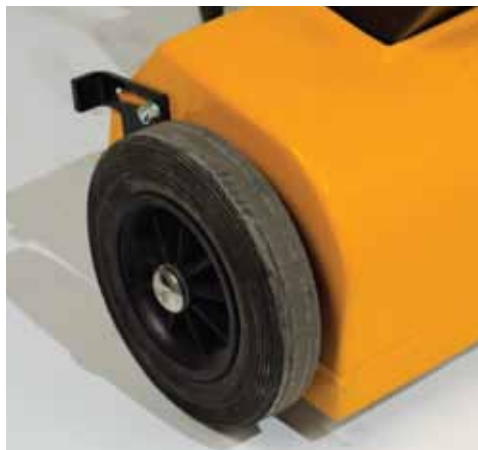

# RMS Magnetic Floor Sweeper

The SPE range of magnetic floor sweepers has been designed to collect up ferrous and other metallic particles remaining on floor surfaces after blasting has taken place

The simply operated release mechanism enables easy depositing of debris after collection. The permanent magnet will retain its power for 50 years and requires no maintenance. The height is adjustable to cope with large waste and uneven surfaces. The standard sweepers range in size from 310mm (12.2") to 915mm (36") wide but alternative towable and forklift mounted models are available.

Specifications			
Part Number	RMS-1	RMS-2	RMS-2
Cleaning Width	310mm (12.2")	615mm (24.2")	915mm (36")
Dimensions			
Length	260mm (10.2")	890mm (35")	890mm (35")
Width	395mm (15.6")	750mm (29.5")	1050mm (41.3")
Height	1100mm (43.3")	860mm (33.9")	860mm (33.9")
Weight	4kg (8lbs)	41kg (90lbs)	51kg (112lbs)

### Features

- Powerful maintenance-free magnet
- Simply operated release mechanism
- Easy moving and maneuvering
- Permanent magnet
- Adjustable height

### Applications

- Factories
- Engineering workshops
- Warehouses
- Aircraft hangers
- Cold stores
- Food processing plants
- Multi-storey car parks
- Shopping precincts
- Bus depots
