

X-SCRUB® MINI Commercial Grade 11" Micro-Scrubber

- » Handles any space a traditional mop can, but better.
- » Leaves the floor dry and clean after use.
- » Multiple brushes for any number of cleaning tasks.
- » Built without complex circuits, this machine ensures reliable performance and minimal downtime.

BENEFIT SUMMARY

- 1 Highly maneuverable, lightweight scrubber for effortless cleaning.
- 2 Easy to use controls with pictograms makes it a breeze for any user to understand.
- 3 2.9 quart solution tank easily locks/unlocks with a unique magnetic anchor. The removable, low profile tank is able to fit under most faucets to fill.
- 4 Flexible drain hose allows the user to empty the dirty water directly into a toilet or floor drain.
- 5 Polyurethane wheels with top quality bearings allows for added stability and easy transportation.
- 6 Parking brake holds the X-Scrub® MINI upright for easy storage.
- 7 Multiple brushes for cleaning different hard surfaces.
- 8 LED headlight provides increased visibility.

BENEFIT SUMMARY

- ➔ Ditch the manual cleaning methods that lack the precision and perfection of newer technologies. **Forget the traditional mop!**
- ➔ No more spreading dirty water and germs. Picks up dirt and leaves floor clean and dry. Reduces slip/fall accidents.
- ➔ Helps reduce worker fatigue.
- ➔ Uses less water to clean
- ➔ Clean virtually any hard surface and those hard-to-reach places.
